

BE THE
MATCH®

Give HOPE to a HAPA

Hapa: An individual with mixed-ethnic heritage

Paul, 29, is a beloved son, brother, and friend. He recently relapsed from Leukemia and needs to find a matching marrow donor.

We are inviting all ethnicities to register as there are thousands of blood cancer patients in addition to Paul who are waiting and hoping to find a life-saving match.

Paul will most likely match someone of his Japanese and Jewish descent. Unfortunately, bi-racial heritage make up only 3% of the Be The Match registry!

Could YOU be Paul's match?

If you are 18-44, in general good health, and willing to donate to anyone in need WE NEED YOU!

DATE: Saturday, February 6th

TIME: 10am - 3pm

LOCATION: Mitsuwa Marketplace

100 Legacy Drive

Plano, TX 75023

If you are unable to attend scan the QR code or text TX4Paul to 61474 and a swab kit will be sent to your home!
